LEGISLATURE.

Senator Davis has introduced a bill to provide building a jail and to authorize the borrowing of money therefor. We have not seen the text of this bill, and therefore do not know anything about its provisions. We do know, however, that Clarendon county is sadly in need of a jail building, and if our delegation will provide this necessity without burdening the people with additional taxation they without burdening the people with additional taxation they will be doing the county a service. We have pointed out how in our opinion a jail can be built without increasing the present | Special to The Manning Times. levy, that it can be done we are positive, but our representatives may have a better plan; we presume Senator Davis' bill is the ton sume Senator Davis' bill is the product of a delegation conference, and until we see the text of the measure, we will be unable rection of a fine house on the same to say whether we approve of it or not.

Representative Lanham has withdrawn his "croppers" bill. Representative Lesesne has introduced a bill relating to the time for recording chattel mort-

The law might run to ground the country. might run to ground the country stores, but it will not prevent the ginner from buying the seed cotton on a lint cotton basis, and this he will be able to do withoutpaying any license. According to our view of this matter, the \$300 license to buy seed cotton will prove a hardship on the poor honest man, and it will not prevent the thief from stealing. It is hard on the poor man, because it forces him to sell his seed cotton to a ginnery when does not want to, and it gives the advantage to a monopoly.
